

## **Assisted Living**

Welcome to Wisconsin Lutheran Living Center. We are a division of Wisconsin Lutheran Child & Family Service. We are a non-profit organization and are licensed as a Class C Community-Based Residential Facility. We are an equal opportunity housing facility for seniors. There are 20 private units and 4 semi-private units for a maximum capacity of 28 residents. The 4 semi-private rooms are designated for married couples, but may be occupied by a single resident wanting a larger room. Our Christian, home-like atmosphere gives our seniors a sense of comfort. Our staff encourage and enable our residents to maintain their independence, offering assistance as it becomes necessary.

WLLC provides our residents with 3 nutritious meals daily in our dining room. Assistance is provided with activities of daily living such as dressing, bathing, grooming, etc. Each resident's health care is coordinated by a registered nurse. Medication management and assistance, housekeeping, and weekly laundry services are also provided. Staff members are awake and on duty 24 hours per day in order to respond to resident's needs.

The quality of life for each of WLLC's residents is enhanced by a full structured activity program. Residents and their families are encouraged to participate in this program. In doing so, we offer daily recreational activities and specialty trips. In addition, the facility has a great room, library, activity area, and TV room. The residents' rooms are equipped with television cable hook-up and a telephone outlet. These are optional services and should be set up by the family. Lutheran chaplain services and Bible class are provided on a regular basis.

The Administrator of our Living Center is Amy Taglienti. She is available during normal business hours and is on-call when out of the building. An appointed Resident Assistant is in charge when the Administrator is not on the premises.
